

Bhargava Teja Borra

Senior Software Engineer (Cloud & Platform)

Addison (Dallas), TX, USA • bhargavateja.borra@gmail.com • github.com/BHARGAVATEJABORRA • linkedin.com/in/bhargavatejaborra

SUMMARY

Architect and engineer scalable AWS infrastructure and microservice platforms with 3+ years delivering production reliability, cost, and performance outcomes. Reduced compute costs by 35% and improved API/deployment performance by 40% through automation, observability, and architecture modernization.

TECHNICAL SKILLS

Cloud / DevOps: AWS, Azure, Docker, Kubernetes, Terraform, GitHub Actions, Jenkins, CircleCI

Languages: Python, Java, JavaScript, TypeScript, SQL, Bash

Backend / Infra: Node.js, MongoDB, CloudFormation, API Gateway, Microservices

Frontend: React, Next.js, Tailwind CSS

AI / ML: SageMaker, Predictive Analytics, LLM Tools, Machine Learning

WORK EXPERIENCE

Senior Software Engineer — Capital One

Addison, TX | Jan 2023 – Present

- Led migration of core services to AWS serverless microservices and API-driven architecture.
- Engineered multi-region AWS deployment patterns with Terraform for resilient rollouts.
- Built CI/CD automation in GitHub Actions to improve release speed and quality controls.
- Reduced compute costs by 35% through rightsizing and automation strategies.
- Improved API and deployment performance by 40% with observability-led tuning and refactors.

Software Engineer — Accenture

Hyderabad, India | Nov 2020 – Dec 2022

- Built ETL pipelines with Python and AWS Step Functions for scalable data-processing flows.
- Containerized services using Docker and Kubernetes to improve portability and reliability.
- Implemented Terraform-based infrastructure as code to reduce environment drift.
- Improved data-processing efficiency by 40% and reduced operational costs by 35% through automation.

EDUCATION

University of Missouri – Kansas City

Master of Science in Computer Science | 2019 – 2021 | GPA: 3.83

CERTIFICATIONS

- AWS Solutions Architect – Associate
- Microsoft Azure Developer Associate (AZ-204)
- Microsoft Azure Fundamentals (AZ-900)
- Microsoft Azure AI Fundamentals (AI-900)
- Oracle Cloud Infrastructure Foundations
- AWS Cloud Virtual Internship (2020)
